PROCEDURE FOR NOMINATION AND ELECTION OF THE BOARD OF DIRECTORS

The principal guiding elements of the procedure are outlined as follows:

- The number of members of the WFMH Board of Directors will be a minimum of 18 and a maximum of 24 members elected by the Voting Member Organizations for a term of two years.
- The slate will consist of candidates that have been qualified by the Nominating Committee (e.g., eligible to be elected, recommended by a current Voting Member Organization, current Affiliate Member Organization, current Individual or Life member, or current Board member, and who have confirmed willingness to serve based on published guidelines and expectations, and have been duly vetted by members of the Nominating Committee etc.)
- Members of all categories, whose dues are in current standing as at 31 March 2023, are eligible to submit candidates for consideration by the Nominating Committee.
- Voting Member Organizations, Life Members and current members of the Board of Directors will be eligible to participate as Voting Members in balloting for election of the Board. Voting Members eligible to participate in the election are those whose membership dues are current at the time of the election.
- The Nominating Committee will present a slate of nominees to the Voting Members consisting of up to 36 qualified candidates from which the available number of Directors will be elected.
- Utilization of an official ballot that will allow for election through balloting of eligible Voting Members.
- Board Members are eligible for election to serve up to four consecutive two-year terms, after which they are ineligible for re-election for a period of two years.
- Each of the seven (7) WFMH regions will preferably have at least one (1) person on the Board.
- The election of Board Members will be conducted by electronic ballot only completed within approximately 120 days of the next Voting Member Assembly meeting.

- In the case of persons holding (or elected to) positions of President-Elect, President, and Immediate Past President, exemption to the term limits would apply until completion of those terms.
- Following the tabulation and certification of the ballots for the candidates of the Board, the Nominating Committee will meet for the purpose of choosing positions for the Officers [President-elect, Secretary, Treasurer, Vice-President Constituency Development, Vice-President Program Development and Vice President for Administration], Regional Vice-Presidents, Directors and the Board Lead for Lived Experience.
- The Nominating Committee's final slate of Officers, Directors and Regional Vice-Presidents will be a "single slate" with one candidate nominated for each office.
- The final slate of candidates will be submitted to the Board of Directors with a deadline for return to the election referee Nomination Committee Chair for validation 60 days prior to the convening of the Voting Member Assembly.
- The slate of newly elected Board Members will be announced to the full Membership prior to the meeting of the Voting Member Assembly and will be officially installed at that Meeting.

Identification and Qualification of Candidates

The following guidance is provided to the Nominating Committee for the process of identifying and recommending candidates for consideration as nomination to the Board of Directors:

- Voting Member Organizations of national scope, Affiliate Member Organizations, and Individual/Life Members are eligible to recommend candidates from their country to the Nominating Committee for consideration.
- Voting Member Organizations of global or international scope or membership are eligible to recommend candidates for consideration from any country.
- Current members of the Board of Directors are eligible to recommend candidates for consideration from any country.
- The Nominating Committee is authorized to seek, identify and consider additional candidates in order to balance the geographic, skills, influence, professional and regional needs of the slate of candidates.
- The Nominating Committee's proposed slate of nominations does not require approval or adjustment by the current Board of Directors prior to submission to the Voting Members.

Composition of the Nominating Committee

The WFMH Nominating Committee will be comprised as follows:

- The Immediate Past President will serve as the Chair of the Nominating Committee.
- The Secretary General shall be a non-voting member of the Nominating Committee.
- The members of the Nominating Committee will be elected by the Board of Directors at the first meeting following the biennial election from a single slate of nominees prepared by the outgoing Nominating Committee.
- The committee will normally be composed of eight [8] members, including the Chair and one (1) member from each of the other 6 WFMH regions (the Chair will represent the region in which he/she resides) and the Secretary General (non-voting member).
- Everything must be done to find an appropriate member for each region but if there are no further candidates for consideration the Chair working in collaboration with the Secretary General and Nominating Committee Members will either choose a person of the nationalities within that region or reduce the committee accordingly and alert the committee members of the need to pay special attention to the region/s without representation.
- Members of the Nominating Committee may be either past Board members who are not candidates for consideration for nomination or current members of the Board who are not eligible, or who have chosen not to be considered for re-election. The Immediate Past President is exempted from this requirement.
- The current sitting President and President-elect will serve as advisors to, but not as voting members, of the Nominating Committee. The final election results will be made available to the EC and Board if requested.

Re: **CALL FOR NOMINATIONS FOR THE 2023-2025 WFMH BOARD OF DIRECTORS**

On behalf of the Chair of the WFMH 2023-2025 Nominating Committee, Ingrid Daniels and Nominating Committee Members it gives me great pleasure as Secretary General to call for candidates to be considered for nomination and election as Directors to the 2023 – 2025 WFMH Board of Directors.

The Nominating Committee Process and Handbook 2023-2025 is available on the WFMH website.

We sincerely encourage your participation in the process of assisting the Committee to identify qualified and committed candidates for consideration.

This year's procedure to nominate and elect members to the WFMH Board of Directors continues the process of a more interactive and more inclusive approach to nominating and electing the WFMH Board of Directors that was begun with the 2007-2009 elections process.

By action taken at the October 14, 2006 WFMH Voting Member Assembly meeting in Oslo, Norway, the WFMH Board is elected through a ballot procedure in advance of the Voting Member Assembly.

The Nominating Committee places before the eligible Voting Members a ballot containing up to 36 qualified candidates from which all the Directors are elected with a standard that each nominee should complete a detailed Application Form.

Nominating persons/referees will be contacted to complete a standardised Reference Proforma and standardised screening interviews will take place with each nominee conducted by members of the Nominating Committee once nominations are closed.

The details and process for submitting qualified candidates for the Nominating Committee's consideration are contained in the accompanying "Call for Candidates" packet. I encourage you to review these materials carefully, and to nominate candidates for the 2023-2025 WFMH Board of Directors.

There has been a request regarding the need for a more structured variety of stakeholders on the Board of Directors. As a result, there will be a focus on, but not limited to, representation from the following groups:

- People with lived mental health experience /consumers.
- Family members/carers.
- Psychiatrists, psychologists, social workers, nurses, family doctors and other professionals and providers with an interest in mental health advocacy.
- Administrators, researchers, lawyers, accountants and policy-makers with an interest in mental health advocacy.

The Nominating committee will ensure adequate regional and group representation. At least one (1) member of the Board of Directors must come from each of the WFMH Regions as described in Article IV, Section 1.

Please be aware that the **deadline** for completed Candidate Information Forms and all supporting materials to be received at the WFMH Secretariat **is Monday 1 May 2023**.

The committee will be unable to consider candidates for whom information arrives after that date.

Thank you for your consideration and participation in this important process through which the leaders of the World Federation for Mental Health will be selected.

Included in this document you will find several items needing your attention.

Review all documents carefully, make sure everything is signed and that you include all supplemental material.

Thank you for your continued interest and engagement in the work of the World Federation for Mental Health.

Best wishes,

Professor Gabriel Ivbijaro MBE JP
Secretary-General WFMH
